Reference to: printed resolution

Amendment drafted by: Leg. Council

FLOOR AMENDMENT EXPLANATION

1. Allows the Legislature to enact reasonable nondiscriminatory laws concerning elections that further prescribed regulatory interests, including election security and election administration.
2. Specifies that U.S. citizens are eligible to vote in any primary, general or municipal election, rather than any public election.
3. Specifies that persons are prohibited from accepting contributions from foreign nationals for the purpose of influencing elections.
4. Requires qualified electors to provide proof of identity to vote, rather than requiring electors to provide government issued identification concurrent with casting a ballot.
5. Removes the requirement that government issued identification that is acceptable for elections be made available free of charge.
6. Specifies that early ballots delivered through the U.S. postal service may be accepted until the closing of polls on election day.
7. Specifies that qualified electors standing in line at the time of polls closing must be allowed to vote.
8. Removes the specification that qualified electors must have the right to vote in-person on election day.
9. Allows, rather than requires, all electors to be offered mail-in ballots if they meet all prescribed criteria.
10. Makes technical and conforming changes.
